MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

PART I: GENERAL INFORMATION

Requestor Name and Address: LAW OFFICE OF CASS BURTON PO BOX 684749 AUSTIN TX 78768-4749	MFDR Tracking #: M4-04-6103-01
	DWC Claim #:
	Injured Employee:
Respondent Name and Box #: TPCIGA FOR RELIANCE INSURANCE Box #: 50	Date of Injury:
	Employer Name:
	Insurance Carrier #:

PART II: REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Houston Community Hospital is a licensed general hospital, and operates as a general hospital, not as an Ambulatory Surgical Center. The carrier has paid this claim as if we are an ASC. Carrier has adopted a 'one size fits all' reimbursement rate. Enclosed are copies of EOBs on the same patient where the carrier paid all claims at the same rate. There is also enclosed information that shows how carrier used to pay our claims at usual and customary. Houston Community Hospital is requesting the same rate of reimbursement at usual and customary."

Amount in Dispute: \$6,475.00

PART III: RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Provider claims that it is entitled to additional reimbursement of \$6,475.00 on the grounds that it was not paid at its 'usual and customary charges.' However, the legal standard for reimbursement is fair and reasonable (i.e. the statutory standards of section 413.011)-not usual and customary. Therefore, Provider has not asserted a valid claim upon which relief can be granted in this case. However, even if it had, Carrier's rate of reimbursement in this case of \$1,118.00 meets and exceeds the Act's criteria for payment in all respects and is, in fact, the rate of reimbursement established by the TWCC for in-patient hospital stays."

PART IV: SUMMARY OF FINDINGS

Date(s) of Service	Denial Code(s)	Disputed Service	Amount in Dispute	Amount Due
2/11/2003	M	Outpatient Surgery	\$6,475.00	\$0.00
			Total Due:	\$0.00

PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on February 6, 2004. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on February 11, 2004 to send additional documentation relevant to the fee dispute as set forth in the rule.

1. U.S. Bankruptcy Judge Michael Lynn issued a "STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS," dated August 27, 2010, in the case of *In re: Renaissance Hospital – Grand Prairie, Inc. d/b/a/ Renaissance Hospital – Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the Claim Adjudication Process as to the WC Receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 Trustee of the debtor's estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Cass Burton, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer's behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.

2. For the services involved in this dispute, the respondent reduced or denied payment with reason code:
 - M-Denial after recon. reduced to F&R per sec 413.011 of the act based on TWCC det of F&R pmt for I/P Hosp (\$1118 surg per diem) & supported by Medicare's det. of F&R for ASC/Hosp outpt services
3. This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor's position summary states: "Houston Community Hospital is a licensed general hospital, and operates as a general hospital, not as an Ambulatory Surgical Center. The carrier has paid this claim as if we are an ASC. Carrier has adopted a 'one size fits all' reimbursement rate. Enclosed are copies of EOBs on the same patient where the carrier paid all claims at the same rate. There is also enclosed information that shows how carrier used to pay our claims at usual and customary. Houston Community Hospital is requesting the same rate of reimbursement at usual and customary."
 - The requestor does not discuss or demonstrate how payment at the usual and customary would result in a fair and reasonable reimbursement. The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, 22 TexReg 6276 (July 4, 1997). It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 TexReg 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - The request for reconsideration letter to the insurance carrier states that the requestor "...relies upon a portion of the Adopted Medical Fee Guidelines 1996..." within the former Division rule at 28 TAC §134.201, commonly referred to as the *1996 Medical Fee Guideline*. However, the 1996 Medical Fee Guideline is not applicable to the services in dispute, as indicated in former Division rule at 28 TAC §134.401(a)(4), effective August 1, 1997, 22 TexReg 6264, which states that "Ambulatory/outpatient surgical care is not covered by this guideline and shall be reimbursed at a fair and reasonable rate until the issuance of a fee guideline addressing these specific types of reimbursements."
 - In support of the requested reimbursement, the requestor submitted EOBs that the requestor asserts are for similar medical services performed in the same locality and geographical area. However, the requestor did not discuss or explain how the sample EOBs support the requestor's position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The redacted EOBs indicate that payment was reduced based on the insurance carriers' fair and reasonable reimbursement methodology; however, the carriers' fair and reasonable reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers' methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.
 - The Division has previously found that a reimbursement methodology based upon payment of a hospital's billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the *Acute Care Inpatient Hospital Fee Guideline* adoption preamble which states at 22 Texas Register 6276 (July 4, 1997) that:

"A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."
 - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

6. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rule at 28 TAC §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
